When you said you'd be mine, girl  
Did you mean it for all time?  
Or will my love be a memory?  
If you ever leave me lonely  
Don't know just where I'd go  
'Cause you got all I want  
And all I'll ever need

Don't wanna lose you, don't wanna lose  
You got the fire burning my soul  
You've got to stay with me  
Don't wanna lose your love  
Please tell me that you always will  
Don't wanna lose your love...

CHORUS:

Don't wanna lose you, don't wanna lose  
No, you can't say goodbye to our love  
Don't wanna lose you, don't wanna lose  
You got the fire burning my soul  
Don't wanna lose your love

Now you showed me love can be  
More than pain and misery  
That I felt before you  
So hold on tight and don't let go now  
Let the strength in our love grow  
Just say you will for eternity

CHORUS

When you said you'd be mine, girl  
Did you mean it for all time?  
Or will my love be a memory?  
If you ever leave me lonely  
Don't know just where I'd go  
'Cause you got all I want  
And I ever need

CHORUS:

Don't wanna lose you, don't wanna lose  
No, you can't say goodbye to our love
