Come on baby, what you goin' thru?  
You know my eyes won't get off you, baby  
You know what I'm thinkin', baby gonna take you home  
You don't come now, I'll be all alone

Well, I'm a mean Earth Shaker, baby  
I'm a cold, cold heartbreaker, yeah

Lets go, baby, we're gonna get on down  
Well, you fool with me tonight, I won't be your clown  
You filled my dreams just for tonight  
If you don't hang 'round no more, it'll be alright

Well, I'm a mean Earth Shaker, baby  
I'm a cold, cold heartbreaker, yeah
