Sittin' alone here yeah, in this empty room  
Needin' your love to feel good  
But you're not with me, yeah, you've strayed away

I bet you'll be back some day  
Game playin' woman, you're breakin' my heart  
But I won't play your way  
When you grow up, come back to me  
We'll make it work some way

You made me love you  
To make you feel good  
You played your lovin' games with me  
How I knew you would
