Movin' to the backbeat  
Walkin' down Main Street  
Checkin' out the new scene  
Watchin' all the girls go by  
High heels, short dress  
Baby, make your heart a mess  
'Nough to make you confess  
Now, dreamin' ain't no capital crime  
Hot little mama, little blue eyed baby  
Swept my feet right off the ground  
Well I can't help it, now I just keep fallin'  
Every time I turn around

CHORUS:

Now, I'm gone  
Gone, gone, girl crazy  
Lookin' so good in the hot summertime  
Yeah, I'm gone  
Gone, gone, girl crazy  
You know I can't help if I got that one track mind  
Girl crazy

Runnin' in the rat race  
Trying to get to first base  
Red lips, pretty face  
All just a matter of time  
Waitin' for my big chance  
High school romance  
Black lace, tight pants  
Oh, someone's gonna lose their mind  
Well, I'm just sitin' here, sippin' on a cooler  
Watchin' all the girls go by  
Ain't nothin' like a beautiful girl  
In the hot summer sky

CHORUS
