

It's Over

Music & Lyrics: Dave Meniketti

If there ever was a reason
To bring you all this way
Now's the time for chance
Don't you let it slip away

Ooh, you'll get over
All your yesterdays
And I will be here
For all the things you need to say

Ooh my dear
Let me help you to believe
And say goodbye to your sorrows

CHORUS:

'Cause it's over
No more tears in your eyes
'Cause it's over
And I'm by your side
Yes, it's over
Put your fears all away
'Cause it's over
Tonight we are one

Though I'll never know the feelings
You've held so long inside
Let me be the "someone"
To help you leave it all behind

Ooh, I know you're needing
A reason to believe
Just open your heart
And we'll find a new dream

Ooh my dear
Let me show you I believe
There's so much more to discover

CHORUS:

'Cause it's over
No more tears in your eyes
'Cause it's over
And I'm by your side
Yes, it's over
Ooh, tonight all your fears
Will be over
And now we are one
