It's been a while  
Still she's got that style  
Tonight she's gonna make the  
scene

It's been years  
Since she's done anything  
But daycare, kids, and family

Well, now, she smiles in the mirror  
Checks out her ass in those  
True Religion jeans

CHORUS:

Shine on—Shine on  
Shine on for me  
You gotta shine on—Ain't nothing  
wrong with ya  
Shine on for me

She's lookin' hot  
Ready to rock  
It's all about the attitude

Got her boobs pushed up tight  
Oh, she's lookin' just right  
Got that bad ass heart-breaker  
tattoo

Tonight she'll be rockin'

Makes me feel so good  
Just to watch her move

CHORUS:

Shine on—Shine on  
Shine on for me  
You gotta shine on—You're  
lookin' good, baby  
Shine on for me
